Applications:

Savoury applications

Brioches and buns

Croissants and puff-pastry

Soft bread and sandwiches

Hamburger buns

Viennoiserie

FEATURES AND BENEFITS:

Convenience

- **UHT sterilized:** unopened containers do not need to be refrigerated
- **Longer shelf life** (9 months – storage below 25°C)
- Easy to spray
- Does not clog spray machines
- Ready to use – no mixing

Food safety

- No risk of salmonella contamination

Price stability

- Does not fluctuate in price like fresh eggs

Optimum cost-in-use

- Dilution versatility
- Uses less product to glaze the same amount of items compared to eggs

Claims

- Clean label
- Kosher

Performance

- A brilliant golden gloss
- A consistent long-lasting shine, irrespective of the baking production method used
- Can achieve different colour on product depending on dilution
- The non-sticky finish allows contact wrapping to be done directly
